

## THE CSM MINORITY ENGINEERING PROGRAM IS:

A collection of academic services designed to meet the needs of minorities who are:

Currently Enrolled Students  
Non-Traditional College Students  
Prospective CSM Students  
High School Students

CSM is committed to increasing the number of minority students who study engineering and sciences. This commitment is exemplified by MEP's cornerstones of:

Academic Achievement  
Community Service  
Leadership

## MEP OFFERS SERVICE TO MINORITY STUDENTS IN SIX GENERAL AREAS TO ASSIST THEM WITH COMPLETING THEIR STUDIES:

1. Summer Programs
2. Recruitment
3. Community Outreach
4. Academic Programs
5. Professional and Career Development
6. Social Networking

## Join our MEP Family!!

“Here at MEP, we offer everything listed in this brochure and so much more. The Minority Engineering Program has been my second home, my family away from my own. At MEP, we share each other’s successes and failures. It is because of this that we are able to succeed.”

Sherif Elkhatib, Senior, Mechanical Engineer

“MEP is a place that provides me with anything I could possibly need out of a college experience. It has become a home away from home.”

Taylor Lowe, Junior, Petroleum Engineer

“MEP helps me see how being different is being special. It is impressive how passionate everyone in the MEP community is in helping each other to achieve our individual and mutual goals.”

Jyoti Gandhi, Freshman, Mechanical Engineer

## SUMMER PROGRAMS

Are you a high school student planning for college? MEP Summer Programs provide a living and learning environment that acclimates you to the campus and the college curriculum. As residential programs, MEP's summer programs have low instructor-to-student ratios.

SUMMET (10th & 11th Grades)  
Challenge (Accepted Freshman)

## RECRUITMENT

If you're looking for a college or university that offers an excellent engineering and applied science curricula, MEP's recruitment programs give you the opportunity to familiarize yourself with CSM admission requirements, curriculum, degree options/requirements, campus activities and resources.

Student Advising and Tutoring  
MEP Recruitment Weekend  
College Buddy Program  
Freshman Retreat

## COMMUNITY OUTREACH

Having trouble motivating your students? Our students are trained in leadership and effective workshop presentation skills. Through the professional societies of AISES, NSBE, PASES and SHPE, we can provide speakers for panel discussions, engineering demonstrations, motivational talks and role modeling opportunities within the community.

Speakers  
Campus Visitation Program

# Familiarize Yourself with the Professional Student Groups of MEP

## American Indian Society of Engineers and Scientists

AISES is a national non-profit organization with over 150 university chapters and many professional chapters. We are dedicated to spiritual support, chapter development, academic assistance, and community awareness through our members.

## National Society of Black Engineers

NSBE is the largest student-run organization in the world at over 33,000 members. NSBE's mission is to increase the number of culturally responsible black engineers who excel academically, succeed professionally and positively impact the community.

## Professional Asian Society of Engineers and Scientists

PASES is dedicated to the enhancement of Asian Pacific Americans in the engineering and scientific community. We strive to develop leaders who are educated in issues facing both Asian and non-Asian communities and promote the academic and professional success of our members.

## Society of Hispanic Professional Engineers

SHPE was established at CSM in 1987 to bring heritage and cultural awareness to campus and the Mines community. SHPE promotes the development of Hispanics in engineering and technical professions to achieve educational excellence, economic opportunity and social equity.

## ACADEMIC PROGRAMS

As a CSM student, you will be looking for any way to maintain or increase your GPA. MEP offers a friendly environment and several programs to help you get the most out of your academic experience.

Academic Advising and Counseling  
Exam Simulation Program (ESP)  
Annual Awards Banquet  
Academic Excellence Workshops (AEW)

## PROFESSIONAL DEVELOPMENT

Does becoming a professional in a specific field of engineering interest you? MEP provides resources, workshops and conferences to assist you in strengthening your professional skills and pursuing career opportunities, such as internships, co-ops and full-time employment.

Student Leadership Retreats  
Professional Development Weekend  
Work Interview/Resume Experience Day  
Information Sessions and Industry Tours

## SOCIAL NETWORKING

Lots of studying isn't the only necessity to succeeding academically at CSM; relieving stress is also vital to staying on top of your game. MEP offers numerous social activities and networking opportunities.

MEP Welcome BBQ  
Cultural Events  
Monthly Social Activities
